

Ohio Revised Code

Section 5573.06 Order to proceed with improvement.

Effective: January 1, 1966

Legislation: Senate Bill 94 - 106th General Assembly

If, after determination of all claims for compensation and damages on account of land or property taken for any road improvement, the board of township trustees is satisfied that the public convenience and welfare require that such improvement be made, and that the costs of such improvement will not be excessive in view of its public utility, such board shall order, by resolution, that such improvement be proceeded with, and shall adopt the surveys, plans, profiles, cross sections, estimates, and specifications therefor, as reported by the county engineer, or with such modifications as the board and engineer agree upon. If, in view of the amount of compensation and damages allowed, the board is of the opinion that such improvement should not be made, it shall so order.
